

Title

Butterfly Floor Light

Description

Inspired by the movement and beauty of a butterfly in full flight, the form of this pendant intercepts the light, making intricate shadows and producing a stunning lighting effect in any space.

Handmade in Cornwall, England, using sustainably sourced walnut (darker wood) or oak (lighter wood) and finished with an eco-friendly, non-toxic varnish.

To be used with an energy saving 25 watt bulb (equivalent to a 125 watt standard bulb). We recommend using the award-winning Plumen low energy light bulb with its twisted and curled shape to compliment the flowing shapes of the lamp.

The stand features: dark grey round fabric cable, foot switch, adaptable UK/ EU Plug and an E27 ES bulb holder to be used with a low energy bulb (maximum 25 watt).

* We are very sorry but this product is not available to our customers living in the USA. *

Materials

Sustainably sourced oak (medium wood) or walnut (dark wood). Powder coated steel.
