

Title

Urchin Wall Light

Description

The Urchin Wall Light is inspired by the empty shells of the Sea Urchin 'Echinus esculentus', a creature who inhabits our Cornish coast line. The spherical form of this wooden wall light is made up from steam bent strips of sustainably sourced ash, oak or walnut wood and held by laser cut birch plates. The formation of the strips has been designed to carefully conceal the light bulb whilst creating a beautiful lighting effect.

Handmade in our creative studios in Cornwall, England.

Key information

Sustainably sourced ash, oak, or walnut. Need help choosing wood type? Read our guide.

Includes an E27 wall mountable bulbholder and fixing kit. To be used with a small E27 low energy (max 25 Watt) light bulb.

Sorry, but this product is not suitable for use in the US.
