90mm
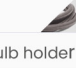

A taut arc of steam bent timber clings to a solitary filament bulb. Refreshing in its simplicity, surprising in its design, our Hanter Lighting Range turns heads. Sustainably sourced oak arches into a solid timber base. Along its curve, an exposed flex traces into a brass fitting, bringing a modern accent to a timeless, natural form.

Radiating light in all directions, the Hanter blends an inviting ambience with a sharp design aesthetic. Pair up. Create a feature. Make your mark. The Hanter Lighting Range is also available as a table light.
