

Hanter Table Light

A taut arc of steam bent timber clings to a solitary filament bulb. Refreshing in its simplicity, surprising in its design, our Hanter Lighting Range turns heads.

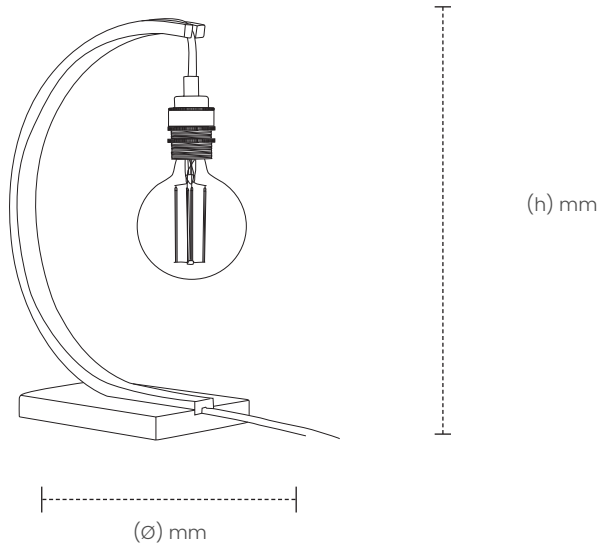

Sustainably sourced oak arches into a solid timber base. Along its curve, an exposed flex traces into a brass fitting, bringing a modern accent to a timeless, natural form. Radiating light in all directions, the Hanter blends an inviting ambience with a sharp design aesthetic.

Pair up. Create a feature. Make your mark.
