

Mooring Floor Light

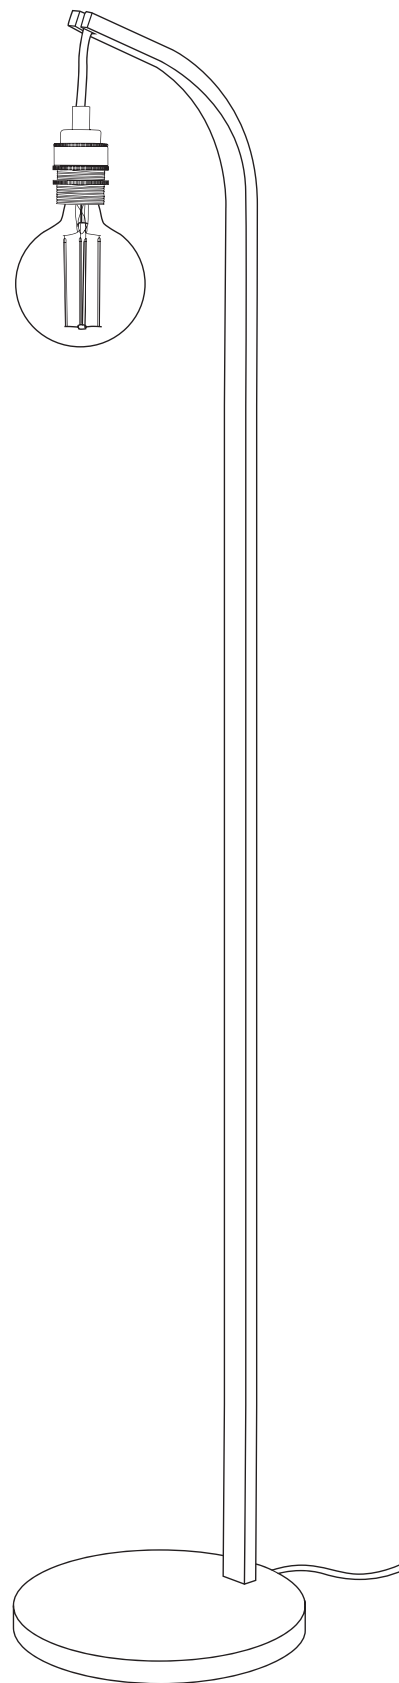

Juxtaposing traditional techniques with an industrial aesthetic, here function becomes feature; substance and style. From its signature curve to its filament bulb, our Mooring Lighting Range is refreshing in its simplicity, and surprising in its design.

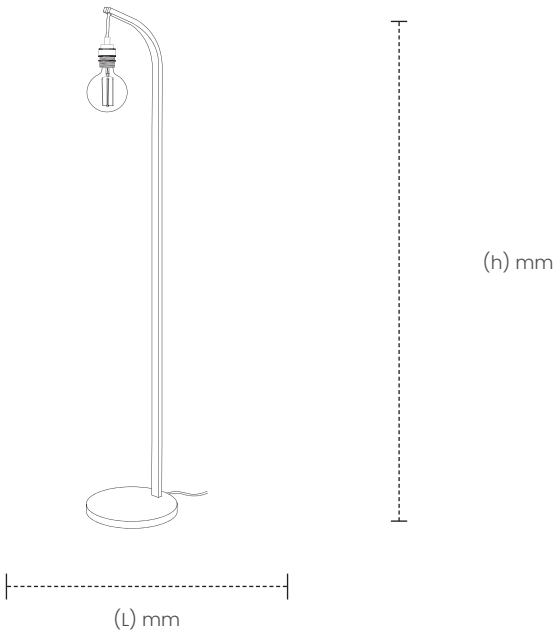

Handcrafted in sustainably sourced solid oak, the Mooring Floor Light's steam bent curve arches from its oak base. A naked bulb halos out light, bright and striking in the dark, perfectly positioned for illuminating a side table or desk. Use the wooden floor light to create ambience in your living space or accentuate your reading nook. Radiating endless illumination; this minimalist wooden floor light is the ultimate balance between form and function.

Pair up. Create a feature. Make your mark.

DISCLAIMER

Due to the character of handcrafted natural products, all dimensions are approximate. Wood colour may slightly vary. All product details are correct at time of print and are subject to change without notice.
