

Noctis Skipper Table Light

Undulating loops of timber navigate over and around. Where pared back design meets our signature curves, the Skipper Lighting Range leads the charge.

The Noctis Skipper Table Light merges Scandinavian design principles with our signature curved aesthetic. Crafted from beautifully ebonised, sustainably sourced poplar, this achromatic wooden table lamp features a hand-shaped open structure that radiates light upward and outward, creating a captivating interplay of brightness and shadow. This truly timeless design is perfect for adding an abundance of personality to hallways, living spaces and home offices.

Achieve impact with a lighter touch. Embrace simplicity. Make a statement in your space.

DISCLAIMER

Due to the character of handcrafted natural products, all dimensions are approximate. Wood colour may slightly vary. All product details are correct at time of print and are subject to change without notice.
