

Kanna – Marble Table Light

Rooted in minimalism, the Kanna Lighting Range radiates warmth, whilst allowing the distinctive fingerprint found in this natural material to shine. Inspired by the precision hand tool used in Japanese woodworking, the Kanna design celebrates the strength and delicacy of sustainably sourced wood.

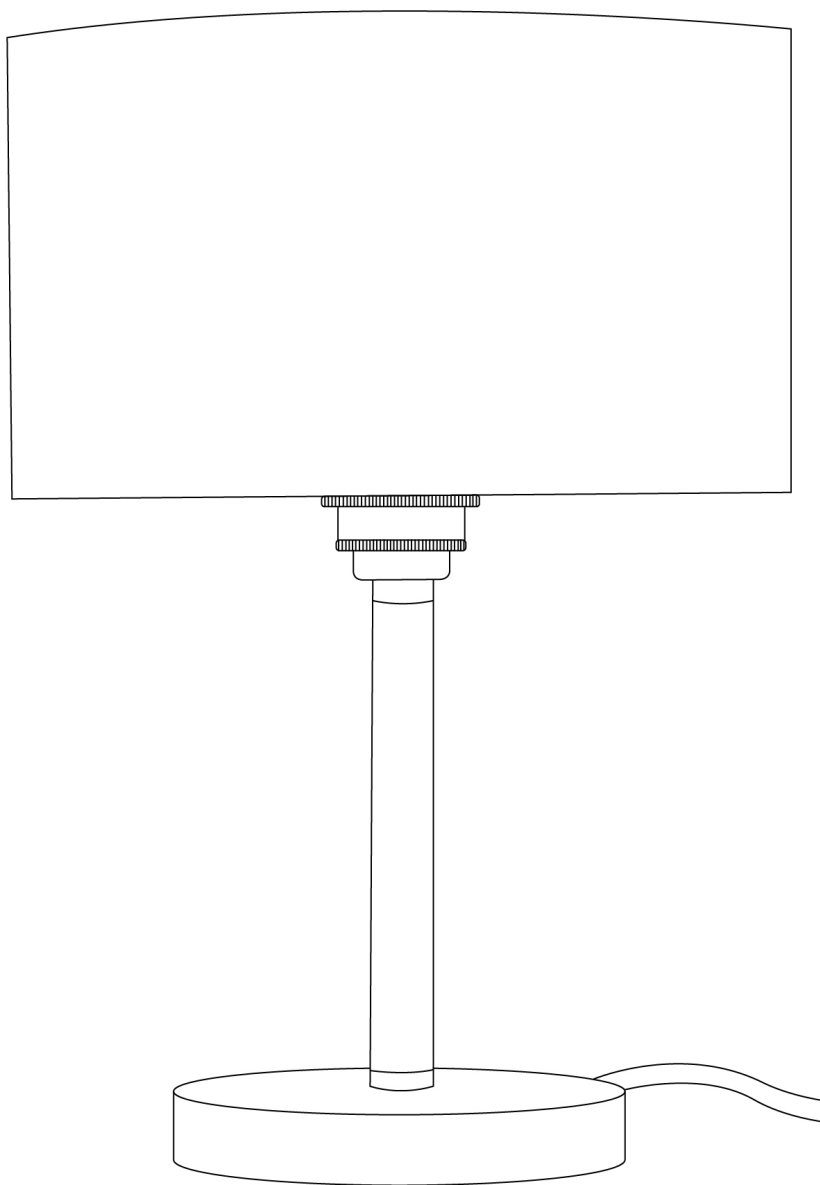

Diffusing a warm glow into its surroundings, the elegant tier of sustainably sourced oak gently cocoons the bulb, allowing the organic wooden grain to take centre stage. The plywood inner structure of the drum shade supports the skilfully simple layer of timber, secured with brass screws to create a gentle pool of warm lighting.

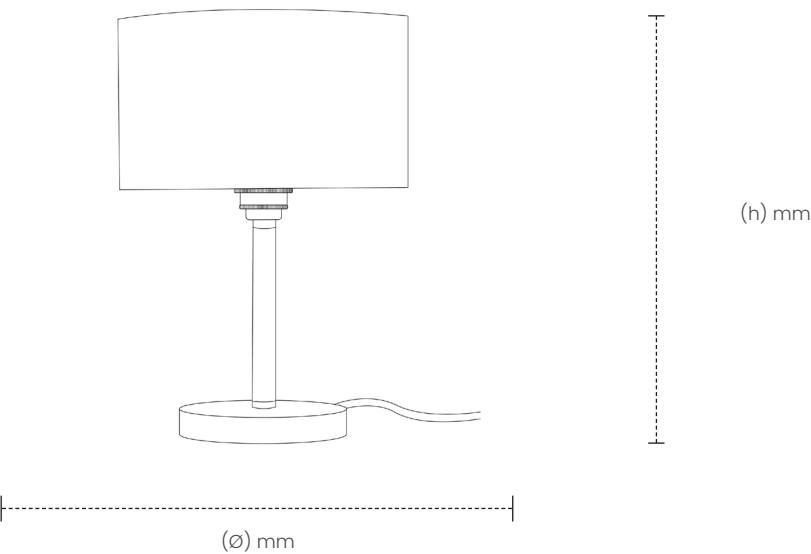

Placed upon a marble lamp base with a pole handcrafted from traditional oak, the Kanna Marble Table Light makes elegant impact, standing tall with a small footprint, ideal for easily moving from hallway to living space and beyond.

Infuse nature. Create harmony.
