

Glass Bue – Linear Trio Light

Designed to help you curate a statement lighting design tailored to your space, the Glass Bue – Linear Trio Light is a rectangular three-way fixture, perfect for creating multiple suspensions above a table, kitchen island or bar counter, or even long hallways.

Three dome-shaped, hand-glazed frosted glass lampshades align to cast a gentle light that invites relaxation. Uniting the natural colour palette with a halo of sustainably sourced oak, the Glass Bue Pendant showcases understated beauty.

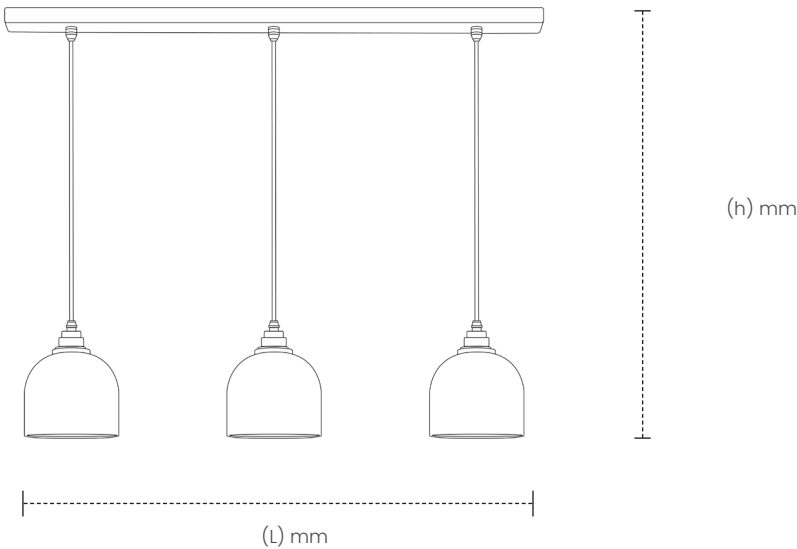

As with all our Cluster Lights, the adjustable flex height allows for easy customisable positioning to ensure they are suitable for various ceiling heights.

Our signature pendants, designed your way.

DISCLAIMER

Due to the character of handcrafted natural products, all dimensions are approximate. Wood colour may slightly vary. All product details are correct at time of print and are subject to change without notice.
